

INSTALLATION INSTRUCTIONS

Part Number E-2997

This filter fits: See catalog for current applications

* **FREE K&N® decal** To register your warranty, please see us online at knfilters.com/register. **FREE K&N® decal** *
Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modification will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N® air filter.

Installation:

1. Remove the OE airbox lid according to the service manual.
2. Remove the OE air filter by holding the airbox lid and turning the air filter counter clockwise. (Fig.1)
3. Install the K&N® air filter by lining up the tabs on the bottom of the filter into the open slots of the airbox lid. (Fig.2)
4. Tighten the K&N® air filter by holding the airbox lid and turning the air filter clockwise until it stops. (Fig.3)
5. Install the airbox lid according to the service manual.

Removal for Air filter Service:

1. Remove the OE airbox lid according to the service manual.
2. Holding the airbox lid, turn the K&N® air filter counterclockwise.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
