

INSTALLATION INSTRUCTIONS

Part Number KT-4511DK

This filter fits: KT-4511XD

The K&N® Drycharger® is a specially designed filter wrap made to extend the service interval of your K&N® Air Filter when used in very dirty, muddy or dusty conditions. They are made from a highly durable silicone treated polyester material containing uniform micron openings. The Drycharger® will stop small dirt particles with minimal restriction to the airflow of the filter. The Drycharger® is designed to be run dry and can be cleaned with K&N® Filter Cleaner or soap and water. The Drycharger® is custom made to fit each application.

INSTALLATION:

1. Install the K&N® Air Filter into air box and follow up to step 4 from KT-4511XD instructions. Then install Drycharger® onto the K&N® cage provided with KT-4511XD. (Fig. 1 & 2)
2. Now install the K&N® cage & Drycharger® reattaching OE air filter support strap. (Fig. 3)
3. Once attached, wiggle the filter back & forth to ensure K&N® air filter is properly seated.
