

INSTALLATION INSTRUCTIONS

PART NUMBER: YA-2918

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

* **FREE K&N® decal** To register your warranty, please see us online at knfilters.com/register. **FREE K&N® decal** *
Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modification will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N® air filter.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

INSTALLATION:

1. Remove the dirty filter from the air box.
2. Remove the O-Ring from the air box lid only. (Figure 1 & 2)
NOTE: K&N filter will utilize the O-Ring in the bottom base of the air box.
3. Install the K&N® filter in the air box base.
4. Reinstall the air box lid to complete installation.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.

CLEANING:

K&N Engineering, Inc., suggests checking the air filter element periodically for excessive dirt build-up. Depending on your driving conditions, we recommend cleaning your air filter every 50,000 miles. To clean and re-oil, purchase our filter Recharger® service kit, part number 99-5050 or 99-5000 and follow the easy instructions.
