

INSTALLATION INSTRUCTIONS

Part Number YA-4003

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Apply the provided K&N Sealing Grease to the K&N Filtercharger® sealing bumps. (Fig. 1)
3. Install the K&N Filtercharger® into the intake inlet in the air box. (Fig. 2)
Note: Make sure the K&N Filtercharger® is completely seated in the intake inlet.
4. Press the closed end of the K&N Filtercharger® until it snaps into the air filter retaining tabs. (Fig. 3)
5. Reinstall the air box lid.

Available to purchase separately

Precharger Wrap; KA-3603PK

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
